Sergeant
PEPPERS

“People later thought ‘Lucy In The Sky With Diamonds’ was LSD. I swear we didn’t notice that when it first came out.”

Paul McCartney

Sergeant Peppers thanks its name to The Beatles' 1967 LP of the same name. This LP is among the most influential LPs of all time. It was recorded at Abbey Road Studios in London. The crosswalk in front of the studio has become a major landmark.

The Beatles was a pop group from the English city of Liverpool. The band is widely regarded as the most influential band in the history of pop music. The lineup consisted of Paul McCartney, John Lennon, George Harrison and Ringo Starr.

Yellow bun with Wagyu burger, lettuce, red onion, bacon, cheddar, shiitake, fried arugula with sesame oil, homemade relish and teriyaki mayonnaise

Best of the Best

Wagyu beef is considered the best beef breed in the world and originated in Japan. Its high percentage of intramuscular fat gives it the ultimate texture, aroma and bite. Because it is mostly unsaturated fat, it is also a relatively lean piece of meat.

WEED BURGER 🌱 17

Weed bun with weed burger, oyster mushrooms, soy sauce, grilled bell pepper, lettuce, pickle, cucumber, vegan cheese, Thai basil and bbq sauce

Pepper goes Vegan

The Weedburger is a 100% plant-based burger enriched with seaweed! The burger is made from toasted soy chips and kombu (seaweed). Seaweed is considered a "superfood" and meat of the future. Because seaweed is high in protein, it is a good alternative to animal protein.

Ultimate Sense Burger

THE ONE
TO TASTE

AVAILABLE NOW AT
SERGEANT PEPPERS:
"THE ULTIMATE BURGER" 18,5

ALL THE SENSES MUST BE
STIMULATED TO EXPERIENCE THE
ULTIMATE TASTE EXPERIENCE.

3 POINTS TO ACHIEVE THIS
ULTIMATE EXPERIENCE:

1 NO FORKS AND KNIVES

Eat the burger without cutlery so you can feel the warmth of the bread.

2 HEIGHT

A burger should ideally be 7 cm high, that way you can taste all the ingredients in one bite.

3 LISTEN

The sound of crispy lettuce? The dripping of grease? Essential to the sensation. So listen carefully.

According to Oxford University scientists, the perfect flavor profile for the burger consists of **9 components**:

1. **Sesame bun** • A burger bun with sesame oil. The sesame oil stimulates the nose.
2. **Ketchup** • Close to the tongue, allowing the ketchup to quickly come into contact with the taste buds.
3. **Lettuce and pickle** • Gives freshness and the crunchy texture, improves umami* perception.
4. **Tomato** • Adds aroma and juiciness.
5. **Fried onions and Serrano ham** • Creates a second crispy layer.
6. **Wagyu burger** • The high percentage of intramuscular grease in Wagyu meat gives the ultimate texture, aroma and bite.
7. **Camembert** • The melted Camembert adds a soft texture and diffuses aroma.
8. **BBQ chipotle sauce** • The spicy sauce causes production of endorphins in our brain. The substance for a feeling of happiness.
9. **Soy sauce** • The soy adds umami* flavor and makes the burger bun juicier.

*Umami is an originally Japanese word meaning "delicious" or "savory. It is one of the five basic flavors along with salty, sweet, sour and bitter.

I don't really want to stop the show,
 But I thought you might like to know,
 That the singer's going to sing a song
 And he wants you all to sing along,
 So let me introduce to you
 The one and only Billy Shears
 And Sergeant Pepper's Lonely Hearts Club Band

It's wonderful to be here,
 It's certainly a thrill
 You're such a lovely audience,
 We'd like to take you home with us, we'd love to take you home

It was twenty years ago today
 Sergeant Pepper taught the band to play,
 They've been going in and out of style,
 But they're guaranteed to raise the smile,

The album Sgt. Pepper's Lonely Hearts Club Band features the song With a Little Help from My Friends. This song actually became a real hit by another artist, Joe Cocker, who in turn became known for this very song.

I get by with a little help from my friends

It is the only song that Ringo Starr sang on this album. Today there are some 50 known cover versions of this song, three of which have reached number one on the British singles list; by Joe Cocker (1968), Wet Wet Wet (1988) and by Sam & Mark (2004). The song has also been covered by Mumford & Sons and The Beach Boys. In 2015, Brian Wilson revealed that it is one of his favorite songs. In addition, the song is also still played by Ringo Starr with his All-Starr Band to close his show. So when you look at the story behind the success, Ringo would not have succeeded without "a little help from his friends."
